

Actuary Reinsurance & Catastrophe Management - Travel

Allianz Partners is a world leader in B2B2C insurance and assistance, offering global solutions that span international health and life, travel insurance, automotive and assistance. To strengthen the team at the Zurich office, we are now searching for a qualified and experienced

Actuary Reinsurance & Catastrophe Management - Travel

In this position you are responsible for:

- Development and implementation of state-of-the-art reinsurance framework for the global travel portfolio in order to protect and optimise the P&L and facilitate business growth. The topics will range from administrative process to technical analysis to negotiation / coordination / presentation
- Participate in designing and structuring innovative business deals that leverage reinsurance features, including fronting, captives, stop loss, risk sharing and special cessions
- Management of financial / solvency optimisation initiatives, including technical input, coordination and project management
- Analysis, design and execution of new approaches to enhance maturity of cat management, including modelling, monitoring and pricing
- Assessment of targets for reinsurance purposes, including due diligence reporting (i.e. tax, legal, regulatory compliance, etc.)
- Work with pricing, data analytics, governance, data and business/sales functions to enhance maturity and support business

What you bring:

- Minimum Bachelor's degree, ideally Master's. Preferably in business / finance, mathematics / statistics or engineering
- Significant experience in (re)insurance, non-life or broker
- Experience managing multiple cross-functional senior stakeholders
- Multi-country, multi-cultural reinsurance exposure preferred
- Fluency in English

You can expect a culture characterized by trust, reliability, partnership and dynamism. Your workplace is located in Zurich with the possibility to work up to 80% from home. Interested? We look forward to receiving your complete application documents (PDF format).
